JOB EXPERIENCES

internship

2023 - 2024

- During my internship, I was responsible for designing a ground-plus-three residential building, including the electrical, sanitation, and lighting layouts. Additionally, I enhanced the rendering and visualization for another ground-plus-three residential building. I also contributed to the rendering and visualization of a ground-plus-six mixed-use building.

project management

2023-2024

- Coordinate, oversee, assist, communicate, document a project
- Identify and prospect potential clients through research, cold calling, networking, and referrals.
- Build and nurture strong client relationships to understand their needs and deliver tailored solutions.

EDUCATION

Bachelor of architectural design and technology from ethiopian technical and vocational training institute
